

GR-LS1712 Recessed Linear Strip Light

Dimension

Unit:mm

Description&Feature

This is recessed aluminum profile strip light, made of aluminum and PC cover, SMD2835 LED Strip lights.. The standard length is 1000mm/pcs, but the other length such as 1200mm, 1500mm, 2000mm, 3000mm Max can be available. The color temperature is 3000K 4500K or 6500K as standard, the RGB can be option if needed. Widely used for cabinets, offices etc.

This series is not including any led transformer, you need to buy extra DC24V or DC12V led power supply for it. PWM/0-10V/DALI power supply is working well for it.

Application

Cabinet

Study room

wardrobe

Offices

Specification

| | |
|----------------------|---|
| Order Model | GR-LS1712 |
| Dimension(mm) | W17*H12mm* L1000mm (Just contact us if request other length) |
| Cut out(mm) | W13.5*H12.5mm |
| Materials | Die-cast aluminum+PC Cover, white/black/aluminum color finished |
| Installation | Recessed |
| Beam angle | 120° |
| IP Grade | IP22 indoor use only |
| LED Strip light type | SMD2835 LED Strip lights |
| Input voltage | DC24V as standard, AC/DC12V available if needed |
| LED QTY | 120leds/Meter |
| Lumens | 1200-1400lm/Meter |
| SDCM | <5 |
| Working life | >50000Hrs |
| Color temperature | 3000K/4500K/6500K |
| Strip light PCB | 8mm width PCB |
| Strip light package | 5meter/rolls |
| 3M adhesive | Yes |
| LED Power supply | Not included. Just buy extra DC24V or 12V power supply for it. |
| Options | Triac/0-10V/DALI if needed |
| Working temperature | -30°C~+60°C |
| Storage temperature | -35°C~+65°C |
| Standard | CE LVD EMC RoHs |
| Warranty | 2/3Years |
