

# GR-LS2015 Surface Linear Strip Light

## Dimension

Unit:mm

## Description&Feature

This is surface aluminum profile strip light, made of aluminum and PC cover, SMD2835 LED Strip lights.. The standard length is 1000mm/pcs, but the other length such as 1200mm, 1500mm, 2000mm, 3000mm Max can be available. The color temperature is 3000K 4500K or 6500K as standard, the RGB can be option if needed. Widely used for cabinets, offices etc.

This series is not including any led transformer, you need to buy extra DC24V or DC12V led power supply for it. PWM/0-10V/DALI power supply is working well for it.

## Application

Cabinet

Study room

wardrobe

Offices

## Specification

Order Model	GR-LS2015
Dimension(mm)	W20*H15mm* L1000mm ( Just contact us if request other length)
Cut out(mm)	/
Materials	Die-cast aluminum+PC Cover, white/black/aluminum color finished
Installation	Surface mounted/recessed
Beam angle	120°
IP Grade	IP22 indoor use only
LED Strip light type	SMD2835 LED Strip lights
Input voltage	DC24V as standard, AC/DC12V available if needed
LED QTY	120leds/Meter
Lumens	1200-1400lm/Meter
SDCM	<5
Working life	>50000Hrs
Color temperature	3000K/4500K/6500K
Strip light PCB	8mm width PCB
Strip light package	5meter/rolls
3M adhesive	Yes
LED Power supply	Not included. Just buy extra DC24V or 12V power supply for it.
Options	Triac/0-10V/DALI if needed
Working temperature	-30°C~+60°C
Storage temperature	-35°C~+65°C
Standard	CE LVD EMC RoHs
Warranty	2/3Years
